

Breast Health Services For Women in Tampa Bay

Breast Services and Clinics for Uninsured/Low-Income Residents

Important Notice

Before scheduling your mammogram, explore your eligibility for the community programs listed below, designed for uninsured, low-income women. These programs are designed to cover the cost of screenings and follow-up diagnostic exams and help with treatment. Paying cash for a mammogram listed on the reverse side will disqualify you from the community programs.

The Florida Breast and Cervical Cancer Early Detection Program

The Florida Breast and Cervical Cancer Early Detection Program is a federally funded breast and cervical cancer screening program serving uninsured and low-income women ages 50–64. For additional information and program criteria, call the number listed for each county:
